

Thank you so much for considering this bill.....this would be a game changer for my small business. I am a one man operation and paperwork comes last in my list of priorities. It is incredibly time-consuming and expensive to provide essentially the same information to the various jurisdictions where I want to serve. I am constantly receiving requests to vend at different events and I have to decline many of them because I just do not have the time to put together the required paperwork. Needless to say, every health department requires a fee. It adds up quick!

As you my know, Connecticut is not the easiest location to work a food truck in. Weather and costs are not always pointing in our favor. Approval of this bill would be so beneficial to the growing food truck movement in Connecticut.

Thanks again for the consideration and stop on by!

Sincerely,

Charles Williams
